

The purpose of our program is to attract students in grades 6 through 12 to participate in shooting sports while creating a friendly competition among high schools throughout Minnesota with the assistance of our supporters. Our weekly virtual shooting leagues allow high school teams from across the state to compete in sport shooting while eliminating the need to travel from school to school. The Minnesota State High School Clay Target League is a non-profit 501(c)(3) organization.

## Minnesota State High School Clay Target League Goals:

- To instill in each team member safe, responsible handling and storage of firearms and ammunition.
- To guide each team member as he/she develops a proficiency in a sport.
- To help each team member reach her/his potential both within and outside the shooting sports.
- To provide youth with adult volunteer leaders who are positive role models and mentors.
- To strengthen connections within families and communities through lifelong shooting sports activities.
