

The Minnesota State High School Clay Target League's mission is to emphasize the positive influence shooting sports can have in an individual's life. We do this by providing a safe, comfortable, positive environment that enhances the participant's self-concept, character and personal growth through safe, educational and socially acceptable involvement in the shooting sports. This is accomplished while promoting the highest standards of safety, sportsmanship, teamwork and ethical behavior. We attract students in grades six through twelve to participate in shooting sports while creating a friendly competition among high schools throughout Minnesota with the assistance of our supporters. Our weekly virtual shooting league allow high school teams from across the state to compete in sport shooting.
